The Logitech external microphone line is ideal for business owners who want to video conferencing, create voice memos, or record voice narration for promotional video. When you first connect your device to your Windows 7 computer, it automatically downloads and installs the necessary drivers. Once the device drivers are installed, you can start using a Logitech microphone with any video chat client or audio recording software. However, before using the device, use the Windows Sound Recorder app to check the volume level. Visit the help section or contact us on November 17, 2008, tagged on the ps2 website (and packaging say it was developed PS3), note that all USB microphones will work with all game consoles, and will even work with computers with a spare USB port. With this said, he can say PS2 PS2 but it works with my Nintendo Wii. I use it for Guitar Hero: World Tour, but it will work with Rock Band games as well, on any console, and for just about any other game requiring a EXCEPT Sing Star microphone. Helpful? February 13, 2009Y highly recommend this product to anyone who needs it for ordnary, not for professional, use. The product is easy to install and the voice is crystal clear when recording and cruised backwards. I like to use this product. Helpful? December 31, 2007The sound quality you come out of this microphone is awesome and it's very professional, so if you wander, if it's the right microphone for this, then look no further cause is your No.1 source for all your PS2 and PS3 karaoke needsHelpful? February 14, 2008The microphone has acquired exactly what we need. Since the High School Musical PS2 game comes with just one microphone we need a second to play doubles. He works with the game and the system without problems. Helpful? March 25, 2008Greet product. I ordered this for my son who got a high school music game PS for X-mas. It has a great sound and does its job. Helpful? June 15, 2008Y recently bought this microphone for K. Revolution American Idol Encore, and it was a really great product. The quality of the sound he produced was real. I would recommend this product to those who have K. Game.Helpful? January 24, 2009Sturdia, a quality product. It's easy to hold. However, I was told that it could not be used for karaoke games that are not American idol, but we haven't tried that yet so I can't confirm. Helpful? Helpful? Helpful? Confirm. Helpful? Helpful?
